If you're partnering with a retirement plan provider whose product design isn't as conflict-free and forward-thinking as ours, we're here to help you.

REVENUE-NEUTRAL LEVELIZED PRICING

Our method of product fund selection is objective, guided by the help of one of the largest strategic investment consulting firms in the United States. We also maintain a revenue-neutral investment fee structure to ensure our compensation is consistent across all funds.

LEVEL PLAN COSTS FOR PARTICIPANTS

Regardless of the funds the plan sponsor includes in the plan, each participant shares equally in the cost of the plan by paying the same rate.

Participants in certain funds do not subsidize the plan costs for other participants invested in other funds.

LEVEL ADVISOR COMPENSATION

Mutual of Omaha pays advisors level compensation on all funds within a given plan. Levelized compensation helps you, as the advisor, focus on the interests of the plan and its participants.

NO PROPRIETARY FUNDS

We are investment neutral. We don't promote any one fund over another, and have nothing to gain from any particular fund selection.

EXTENSIVE FIDUCIARY PROTECTION

Being a 401(k) plan fiduciary comes with a wide variety of responsibilities, which can be overwhelming at times. That's why we offer a selection of co-fiduciary services to help reduce the workload and financial risk for you and your clients.

> Administrative Fiduciary Protection – ERISA 3(16)

The sheer number of participant notifications and disclosures required by law is daunting. Our professional 3(16) services include comprehensive notice distribution to participants and transaction processing to help alleviate fiduciary burdens placed on you and your clients.

> Investment Fiduciary Protection – ERISA 3(21) and 3(38)

We also provide varying degrees of plan-level guidance by working with an unbiased, third-party investment firm. This SEC-registered investment advisor monitors funds and makes recommendations independently for each plan.

> **3(21)** – Recommendations are made on an ongoing basis, but the final decision is made by the plan sponsor

> **3(38)** – Our client selects from four options based on employee demographics. Funds are then monitored and replaced allowing for co-fiduciary protection without a lot of investment analysis by you and your client
